

Greater Rochester Health Home Network (GRHHN)

What is a Health Home?

A Health Home is a care management service where all of an individual's caregivers communicate to ensure that every child and adult receives everything necessary to stay healthy, out of the emergency room, and out of the hospital.

Services are provided for individuals within 13 New York counties: Allegany, Cayuga, Chemung, Genesee, Livingston, Monroe, Ontario, Orleans, Seneca, Steuben, Wayne, Wyoming, and Yates.

Greater Rochester Health Home Network

GRHHN

A New York State Department of Health approved Health Home program offering Medicaid or Medicaid/Medicare enrollees services to help with their health care needs so they can stay as healthy as they can be.

You or someone you know may benefit from some extra help through GRHHN.

Greater Rochester Health Home Network (GRHHN)

- Formed in January 2012 by the Rochester Integrated Health Network, Inc.
- GRHHN is a Health Home that **Serves those in need** and on **Medicaid or Medicaid/Medicare**.
- Health Homes provide **Care Managers** to help people with health concerns get what they need to keep them healthier and safer in the community.
- GRHHN works with Care Management agencies to **support improving health** by working closely with you and those that are important to your care.
- GRHHN and Care Managers work with you to **coordinate medical, mental health, substance use, and community services**.
- This service is **free** – it is paid by New York State Medicaid.

What a Care Manager can do for you:

Each person who joins the Greater Rochester Health Home Network gets a Care Manager who will partner closely with you to:

- Understand your health care needs
- Work with you and your care team to get the medical/behavioral services you need
- Help you apply to social services for housing, transportation, and food
- Teach you how to stay healthy

Partnering with Children and Adults to improve your well-being within your community.
